

NAMTRA BUSINESS SOLUTIONS, INC. (NBS) CAPABILITY STATEMENT

Namtra Business Solutions, Inc. (NBS) is a U.S. Small Business Administration (SBA) *8(a) certified, Woman-Owned, Economically Disadvantaged Small Business (EDWOSB)* that is also a Seaport “Enhanced” prime contractor and has strong relevant past performance on multiple U.S. Navy contracts. NBS has annual revenues of \$10M, employs 150 people and has offices in each of the seven Zones.

NBS has successfully implemented more than 300 Information Technology (IT), and professional services projects, and served more than 100 clients in the private as well as the Government sector, over past 15 years.

NBS is a **Seaport-e Prime Contractor in all 7 Zones** with offices in Zones 1, 2, 4, 5, and 6.

NBS has strong know-how and extensive experience working with Federal Enterprise Architecture (FEA), and Department of Defense Enterprise Architecture (DoDEA). We adhere to several proven quality management processes, including the PMI best practices, Six Sigma, and Earned Value Management System (EVMS).

NBS’ software development processes and methodologies are **SEI CMMI Level III certified**. NBS is also an **ISO 9001:2008 certified** company and it’s **accounting system has been certified by the Defense Contracts Audit Agency (DCAA)** as being capable of handling Cost Reimbursable contracts. NBS is also a Microsoft Gold Partner.

NBS has robust and proven capabilities in the areas of innovation, *virtualization*, software systems engineering, systems and data architecture, and spiral-based open-source development using J2EE, Service Oriented Architecture (SOA), Microsoft SharePoint, and other modern technologies. These capabilities are supported by process maturity and a consistent approach to modeling, architecture, tools, technologies, and methodologies.

NBS currently provides operational support including programming, Web development, Software Engineering support, System Administration, Database Administration, Network Administration, and Independent Verification & Validation to more than **14 Federal Agencies including the U.S. Navy** – NAVAIR, SPAWAR, and NSWC Warfare Centers; U.S. Army-CECOM & TACOM; U.S. Department of Homeland Security (DHS) – Transportation Security Administration (TSA); U.S. Department of Health and Human Services (HHS) – National Institute of Health (NIH), U.S. Postal Service, and U.S. Department of Transportation (DOT) – Federal Highway Administration (FHA) and Federal Aviation Administration (FAA).

NBS is currently providing professional support services to various NAVSEA Warfare centers in all seven zones as a subcontractor to Deloitte/Bearing Point (BP), SAIC, Ernst & Young (E&Y), Lockheed Martin Information Technology (LMIT), and Computer Science Corporation (CSC). We provide naval architecture and marine engineering; electronic systems engineering; Information Technology and Security solutions; vessel system assessments; maintenance engineering and program development; shipyard industrial engineering; and complete logistics

services from technical manual development to provisioning documents, spare parts management and training.

NBS has strong past experience in the following 10 Seaport-e related functional areas:
